Restore’s ACE “Art, Community, Enrichment” Summer Camp has accomplished yet another fantastic summer for children and youth with the cooperation of Elizabethport Presbyterian Center, Incredible Days Group, Institute of Music for Children, Union County Human Services Department, City of Elizabeth, Parents, Staff, and the valuable support of its Donors.

With the kind financial support this summer, children could go on the following cultural field trips: Statute of Liberty, Roller Skating, Bowling, Movie theater, community swimming pool, miniature golf and local parks.

The hybrid program allowed our participants to engage in enrichment topics while learning teambuilding activities and enjoying fun-filled field trips.

Thank you all!
